

## Talbot County Community Center

## CASE STUDY

**LOCATION**  
Easton, MD

**TOTAL SIZE**  
550 kW

**TYPE**  
Ground Mounted

**INVERTERS**  
PV Powered

**DATE COMPLETE**  
March 2011

### Project Overview

Nautilus Solar developed a 550 kW system for the Talbot County Community Center as part of the Sunburst Program from the Maryland Energy Administration. The 550kW ground mounted solar system is located on a field near Route 50 on County-owned property.

Nautilus Solar provided a PPA to the Talbot County Government at a fixed rate for 20 years. The Nautilus power rate is lower than the utility power rate and is projected to save the community over \$2,000,000 over the life of the agreement.

### About Nautilus Solar

Founded in 2006, Nautilus Solar Energy, headquartered in Summit, N.J. is a leading full service solutions provider for business and public sector customers across North America. Nautilus is making solar possible by developing, funding, executing and managing the physical and financial aspects of distributed generation solar electric projects. The company delivers full service financial and technical expertise by customizing the optimal solar solution to save customers money while helping them meet their sustainability goals. Nautilus has been involved in over 100 MW—both distributed and grid tied systems—of solar solutions in the United States and Canada. Nautilus is minority owned by Virgo Investment Group LLC and its affiliates, based in Redwood Shores, California. For more information, visit [www.nautilussolar.com](http://www.nautilussolar.com).
