

## BILLING EXPLAINED FOR COLORADO SUBSCRIBERS WITH XCEL ENERGY

As a Colorado resident, you have elected to receive the one-bill option. Each month, Nautilus will pay your total utility charges directly to your utility company on your behalf.

In turn, you will receive a monthly statement from Nautilus which shows your Xcel Energy utility charges, your solar energy credits for your share of the solar farm, and your solar discount.

Remember, solar credits are not free. They are a way for residents to pay for a portion of their energy consumption at a discount while also producing clean, renewable energy.

The image shows a sample NautilusSolar bill for March 2025. The bill includes account information, a summary of charges and credits, and a breakdown of savings. A red circle highlights the 'AUTOPAY Scheduled for Mar. 6, 2025' text. An orange arrow points from the '549.52 kWh' value in the 'Your Impact' section to the '549.52 kWh' value in the 'Your Savings' section.

Statement Date: Feb 24, 2025 Invoice Number: XXXXXXXX

**Message Center**  
**Your Impact** This Month's Solar Credits  
Your subscription to clean solar energy is reducing harmful carbon (CO2) gas emissions. **549.52 kWh**  
Clean Impact CO2 Equivalent: 8,585 pounds of coal emissions

If you choose to pay by Credit Card, you will be charged a convenience fee of 2.9% unless prohibited by local law.

## BILL EXAMPLE

In the example shown, this customer's share of the solar farm generated **549.52 kWh** of renewable energy for the month. Note that your share of the solar farm generated a certain amount of solar credits, but it may not have covered all your usage.

The cost for the 549.52 kWhs is **\$46.91**. Then, Nautilus provided a **5% discount (\$2.35)**, dropping the bill for solar credits to **\$44.56**.

This subscriber also owes **\$71.09** for Xcel Energy delivery fees, any additional energy usage beyond what was generated by the farm allocation, and for natural gas (if this is on your bill) bringing the total amount owed to **\$115.65**.

## WHAT WOULD THE BILL HAVE BEEN WITHOUT NAUTILUS COMMUNITY SOLAR?

**\$118.00 (\$2.35 SAVED)**

This subscriber **saved \$2.35 on their monthly electricity bill**. These monthly savings may seem small, but they add up over the course of the year!
